ATTN: Reinhold Schroeder

Mr. Schroeder:

Attached please find maps showing the areas for which the City of Bremerton would like an estimate of the cost of aerial photos. The hatched areas on the first two maps show the properties for which we would like the closest photographs for the purposes of counting the number of vehicles and boats and identifying other materials on the sites. The next document is a two page aerial photograph of a larger portion of Arsenal Way for which we would like 1:500 scale photographs of the outlined area. The third map is a vicinity map of the last photograph location, outlined on the picture following it for which we would also like 1:500 scale photographs.

Please call and give me an estimate of the cost of the additional photographs prior to performing any work. You originally told me the first photograph would be \$500.00 for the Arsenal Way site and \$200.00 for the Pennsylvania site. If the fax copies aren't readable or if you have any questions, I can be reached at (360) 478-5213 from 6:00 a.m. to 4:30 p.m., Monday through Thursday.

Sincerely,

Janet K. Lunceford
Building and Development Specialist
